

ABOUT THE PROGRAMME

This programme provides students with strong foundations in computer science while developing specialized knowledge and skills in cloud security and cyber defence.

Students gain practical experience in ethical hacking, threat detection, penetration testing, and incident response using industry-standard cloud platforms and security tools.

Faculty of
Computer Science
and Mathematics

Bachelor of Computer Science (Cloud Computing Security)

with Honours

Start Your Journey
in **Cloud Security**

**Interactive classroom

and learning equipment**

Why Choose Us?

**High-Demand
Careers**

**Specialized
Courses**

**Hands-on Labs
using Cloud and
Security Tools**

**Pathway to
Industry
Certifications**

**Experienced
Cybersecurity
Lecturers**

**3.5-Year
Programme**

SPECIFIC ADMISSION REQUIREMENTS

1. STPM:

Candidates must meet ONE of the following requirements:

1. Obtain at least a Grade C in TWO (2) STPM subjects, comprising: i) Mathematics T, ii) Physics / Chemistry / Biology / Sports Science / Visual Arts / Information and Communication Technology.
2. Obtain at least a Grade C in any TWO (2) STPM subjects, AND obtained at least a Grade C in Additional Mathematics at the SPM level.
3. Obtain at least a Grade C in any TWO (2) STPM subjects, AND obtained at least a Grade C in the following TWO (2) SPM subjects: i) Mathematics, ii) ONE (1) Science, Technology, or Engineering subject.

2. MATRICULATION/FOUNDATION:

Candidates must obtain a minimum CGPA of 2.00 at the Matriculation / Foundation level and meet ONE of the following requirements:

1. Obtain at least a Grade C in Additional Mathematics at the SPM level.
2. Obtain at least a Grade C in the following TWO (2) SPM subjects: i) Mathematics, ii) ONE (1) Science, Technology, or Engineering subject.

3. DIPLOMA/EQUIVALENT:

Candidates must meet ONE of the following requirements:

1. Pass a Diploma in Computing or an equivalent qualification with a minimum CGPA of 2.50.
2. Pass the Diploma Kemahiran Malaysia (DKM) / Diploma Vokasional Malaysia (DVM) / Diploma Lanjutan Kemahiran Malaysia (DLKM) in Computing with a minimum CGPA of 3.00.
3. Pass a Diploma in Science and Technology with a minimum CGPA of 2.75 and meet ONE (1) of the following conditions:
 1. Obtain at least a Grade C in Additional Mathematics at the SPM level.
 2. Obtain at least a Grade C in the following TWO (2) SPM subjects: i) Mathematics, ii) ONE (1) Science, Technology, or Engineering subject.

4. STAM:

Candidates must meet ONE of the following requirements:

1. Obtain at least JAYYID in TWO (2) STAM subjects, AND at least a Grade C in Additional Mathematics at the SPM level.
2. Obtain at least JAYYID in TWO (2) STAM subjects, AND at least a Grade C in the following TWO (2) SPM subjects: i) Mathematics, ii) ONE (1) Science, Technology or Engineering subject.

- Candidates must obtain at least Band 2 in the Malaysian University English Test (MUET).

CAREER OPPORTUNITIES

- Cloud Security Analyst
- Cloud Security Engineer
- Cloud Infrastructure Administrator

- Cybersecurity Analyst
- Security Operations Centre (SOC) Analyst
- Incident Response Specialist

- Penetration Tester
- Cybersecurity Auditor
- Security Compliance Officer

- Digital Forensics Analyst
